7) (Unicamp 2017) **The Birth of My Kitchen – Table Fiction**

By Haruki Murakami

Most people – most of us who are part of Japanese society – graduate from school, then find work, then, after some time has passed, get married. Even I originally intended to follow that pattern. Yet in reality I married, then started working, then finally managed to graduate. In other words, the order I chose was the exact opposite to what was considered normal.

Since I hated the idea of working for a company, I decided to open my own establishment, a place where people could go to listen to jazz records, have a coffee, eat snacks and drink. It was a simple, rather happy-go-lucky kind of idea: running a business like that would let me relax listening to my favorite music from morning till night.

Adaptado de H. Murakami, *Wind and Pimbal – Two Novels*.

Tradução do japonês para o inglês de Ted Goossen.

London: Penguin Random House, 2015, p. 5.

Edinburgh is the capital of Scotland. It has a beautiful old city centre and a castle that lies on a hill above the city. In the castle you can see the statues of two Scottish heroes: Robert Bruce and William Wallace (known from the film Braveheart).

Several famous people were born in Edinburgh, for example Alexander Graham Bell (who invented the telephone), Tony Blair (Ex-Prime Minister) and Arthur Conan Doyle (who wrote the Sherlock Holmes stories). By the way, J. K. Rowling wrote her first Harry Potter book in an Edinburgh coffee-shop.

9) Write the name of some famous people who borned in Edinburgh
